

# Comparative table filter drier

## Series FF

Bi flow drier / drier receiver and other filters or driers are available on enquiry.

ALCO			Honeywell

\* For explanations on these series see page 26-27. Please note also that these series of Honeywell could also come with other technical differences (length, weight, maximum pressures, etc.)

\*\* Honeywell uses the thread size for flare connections always. Flare connections of competitive products are given here in connection sizes of the tubes.

\*\*\* see drawing on page 26.
